#### Background and expertise

*Please briefly present your organisation (e.g. its type, scope of work, areas of activity and if applicable, number of staff members). Max 750 characters.*

The municipality of Portocannone is a public body with 8 staff members. The town covers a community of 2600 inhabitants near the Adriatic coast in Molise Region. The Municipality is experiencing new management model of governance with bottom up approach. It has ancient and important Arbereshe origins that influenced its cultural traditions. That origin is due to the Tosk Albanian refugees who fled Albanian land after Ottoman's invasion of Balkans around 17<sup>th</sup> century. The Municipality is strongly active in the third sector; since 2002 has been activated the Protection System for Asylum Seekers and Refugees (SPRAR). The Municipality is also implementing some sustainable energy solutions in order to work on the efficiency of public lighting.
